

Sir Dorabji Tata Memorial Library
Tata Institute of Social Sciences MUMBAI

Liasion Librarians

Research Support Services

Library is happy to announce a new learning, research and teaching support service “**Liaison Librarian**” for each school. This is done with an intention to provide effective academic and research support to the faculty, research scholars and student community.

Subject Librarians provide a range of services which focus on a particular area or discipline. In this capacity, the subject specific library staff will serve as liaisons between the Library and schools.

Some of the benefits of having Subject wise / School Liaison Librarians are:

- Conduct Orientation/awareness programmes for specific research areas about e-resources
- They will be user’s personal guide to the services and collections of library
- They will be available for research consultations, class instruction sessions
- They are the staff to contact with suggestions for collection development.
- They are the Library's information specialists within their subject areas.
- Reference queries are handled by a thoroughly knowledgeable library staff.
- Referral Services from other institutes and universities in India and abroad
