Cyber Libraries

24X7 Facility For Enhanced Learning Experience

- **Cyber Library for Masters' Students:** A state of the art , 24X7 facility is created for masters students. It is located on the library first floor. This air-conditioned computing facility has provision of over 92 study places, where users will have desk with ample reading space and also a desktop with 1Gbps internet access.
- **Library is part of National Knowledge Network(NKN) and gets 1 Gbps internet access.**
- **Cyber Library for MPhil/PhD Scholars:** Since the requirement for study ambience is different for scholars, a state of the art facility is created for MPhil/PhD Scholars on 3rd floor. This has provision of over 25 computers with internet access. Also has provision for about 50 study places.
- **Central Printing Facilities:** Library prides printing facilities in a distributed manner. All cyber libraries have heavy duty printers to support student requirements. A total of FIVE networked digital printers across different floors of library produce around 36,000 copies monthly.

Cyber Library (Masters)	: Two Printers (First Floor)
Cyber Library (PhD)	: One Printer (Third Floor)
MK Tata Centre	: One Printer (Ground Floor)
Inflibnet Centre	: One Printer (Second Floor)
- **Blended Learning Environment:** Cyber Libraries provide an unique blend of learning environment containing print as well as eResources. Students extensively use Cyber Libraries to access
 - eJournals and Online Databases
 - Moodle , eLearning platform
 - eThesis and Dissertations and Research Tools
 - Faculty Projects and Publications and Email
