

Sir Dorabji Tata Memorial Library  
Tata Institute of Social Sciences MUMBAI

# *etd @TISS*

## *Institutional Repository for TISS Reserach Output*

SDTM Library has set up archiving facility for the research community, using open source DSpace. TISS Community can archive their preprints, post-prints and other scholarly publications. In keeping with the objectives of the open access movement, TISS expect this service to facilitate the institute researchers in self archiving and long-term preservation of their scholarly publications, provide easy access to these publications worldwide and improve impact of their research.

All the MA dissertations and MPhil/PhD theses submitted to TISS are made available in etd@tiss digital library. This has seen heavy usage with over **10,007 views** in the last one year.

### ***Content is organised into following groups:***

- Dissertations and Thesis (5736)
- Institutional repository(Faculty Publications, Project Reports) 286
- Content for Visually Challenged Students(Braille Collection)
- Question Banks for Sem end examinations
- Content can be browsed by author, title and subject

### ***Benefits of Institutional Repository:***

- TISS community can archive their publications
- Provides open access and exposure to research output
- Helps masters students in understanding the emerging trends in MA Dissertations in their subject area
- Enhanced impact of TISS research output
