

Sir Dorabji Tata Memorial Library
Tata Institute of Social Sciences MUMBAI

Center with Assistive Technologies

M.K. Tata Center for Visually Challenged

Institute has established ***MK Tata Memorial Center for the Visually Challenged*** in order facilitate access to learning resources in print as well as online formats to visually challenged users.

This Centre is equipped with following assistive technologies:

- 20 multimedia computers with scanners for reading print materials,
- JAWS for converting normal PC into a talking PC,
- Kurzweil K1000 OCR Reading software,
- Prisma Magnification device for students with low vision, ,
- Zoom-Ex Instant Reader for conversion of print into digital format, creating an e-Library.
- Basic D Braille Embosser for production of Books in Braille.

JAWS Pro Talking Software: For conversion of a normal PC into a ***Talking PC*** to enable the blind to operate computers independently including Internet Access and also to train blind persons on using the computer.

Magic Magnification Software Pro: Useful for enlarging the screen from 2x to 16x enabling Low vision students to view the monitor screen as well as use the add-on support tools for enhancing visibility.

This facility is also open to visually challenged students from nearby areas and schools.

Please contact staff on duty at Tel:022-25525278 or write to sdtml@tiss.edu. To know more about our services, please visit <http://library.tiss.edu>
