

Sir Dorabji Tata Memorial Library
Tata Institute of Social Sciences MUMBAI

Web OPAC

Networked Library System for all Campuses

Library has migrated to a new open source Library Management System Koha. With this, all four campus libraries have been brought on a single platform. This new initiative has been received very well by users across all four campuses, with over half a million searches in the first year itself.

- Online Catalogue: Most accessed tool from among all library services.
- Over 5 lakh searches in the last one year (2015)
- Over 62% Self Renewals Online
- Single interface to search multiple campus library catalogues
- Developed using Open Source Library Management Software Koha
- Basic and Advanced Search to suit all users
- Web Based Service: Users can manage their library account online(View/Manage loans, Renewals, Recommend Books, Save Searches, etc)
- View/Print/Download/Export references selected from Catalogue
- Enhanced Staff Efficiency and economical as central server is managed at Mumbai campus.
- Enhanced Visual Experience: Virtual “New Arrival Shelf” and “Collection Browsing”
